

A Happy Birthday Party & a Farewell Party for the students of the United World College Singapore, who finished volunteering in School for Life

In the afternoon on the 8th of June 2018, School for Life held a Happy Birthday Party for the children whose birthdays are in May and June, and a Farewell Party for the five students of the United World College of Singapore, who finished volunteering in School for Life for a week and would leave for Singapore on the 9th June.

The children and family teachers of all five Family Houses prepared the foods for the party. The German volunteers baked chocolate cake for everyone.

First, School Director *Khun Siriporn Hanfaifa* gave an opening speech. Then the student's speaker from UWC expressed that they would like to thank the community of School for Life for the opportunity to volunteer, and that the children did great in the activities. Five children of School for Life presented a cotton bag to the students of UWC as a souvenir.

We all sang Happy Birthday song, the birthday children blew out the candles on the big cake, and all attendees applauded.

Then, all participants ate the prepared foods together. The boys entertained the attendees with songs. All children, teachers and volunteers had fun and a great happiness.

A Birthday Party is usually held in School for Life every month.
