

Teacher Appreciation Day held in School for Life

School for Life held Teacher Appreciation Day on Thursday the 14th of June 2018. All teachers, volunteers and children attended the ceremony.

The Teacher Appreciation Day is celebrated every year in Thailand. It is held on a Thursday in June, as Thursday is traditionally the day of wisdom and teachers. It is a special day that was created to honour and show appreciation for teachers of all levels.

The students recited the *Wai Kru* chant, which is expressing respect for, and gratitude to the teachers, asking for the teachers' blessing of their studies.

At the ceremony, the students presented flowers to the teachers as a symbol of their respect and readiness to learn.

Then the students knelt in front of the teachers, and the teachers tied white cotton strings around the wrists of the students as a blessing for good luck.

A video of a short film telling about the life a Thai teacher, who has devoted her life to students, was shown to the students.

Then general knowledge questions about the Teacher Appreciation Day were asked, and prizes were given to those who could answer the questions.
