Congratulations!

We celebrated a graduation ceremony for the students who passed Grade 6 and Grade 9.

This year we have thirteen students in Grade 6 and eight students in Grade 9.

Like last years, one of the programs of the ceremony was showing pictures on TV, for all the activities which Grade 9 students had performed in School for Life since they started their study at the school.

Another program was “Thank You and Farewell” speak by other students.

School Director handed out the certificates to graduating students and made a short speech.

# Where they will continue their study

All eight graduating students who finished Grade 9 in School for Life are boys.

We got the information that two students will continue to study agriculture, three students will study mechanics, one student will study electronics, one student will study marketing and one student has no idea yet what he will continue to do. They will live and study in different vocational colleges in Chiang Mai Province.

We will continue to support them for their education in the college and living in the city.

**School for Life** is an internationally sponsored project in Northern Thailand that provides home and care for children who live in difficult situations. These include not only who lost their relatives, whose parents died of disease or are missing, but also children who escaped from situations of brutality and abuse. We give them a new home, provide for their basic needs as well as offer psychosocial and medical care. On top of that, we ensure the children to have proper basic education.

**School for Life** was founded by Prof. em. Dr. Jürgen Zimmer and Thanin Hanfhaifha (JOY) in 1999.
