

Protection against coronavirus by vaccination

SCHOOL FOR LIFE CHIANG MAI

Fully vaccinated children with certificates of vaccination

TEN CHILDREN WERE FULLY VACCINATED

Ten children from Grade 8 and 9 of our school were fully vaccinated after receiving a second dose of Pfizer Covid-19 vaccination on November 4, 2021. Everything was Okay with them.

FIFTEEN CHILDREN HAVE RECEIVED A FIRST DOSE OF PFIZER VACCINE

Fifteen children from Grade 5 to 7 of our school have received a first dose of Pfizer Covid-19 vaccination. They will receive a second dose on November 18, 2021.

EIGHT STAFF WERE FULLY VACCINATED

Eight teachers received two doses of Sinovac vaccine. They received a booster dose of AstraZeneca vaccine on November 3, 2021.

They all are fine.

Other teachers are waiting for Moderna vaccines which will arrive in Thailand soon.

VACCINATION FOR PROTECTION AGAINST CORONAVIRUS

Covid-19 vaccine can protect us and reduce a risk of contracting the virus that cause Covid-19, including this variant.

Vaccination Plan

We have 114 children in our school. In Thailand, the children over 12 years of age should receive vaccination. In our school, there are 51 children who are over 12 years of age. But we need parental consent to vaccinate their children.

On November 18, a total of 25 children of our school will be fully vaccinated.

WHAT WE CAN DO AFTER VACCINATION

We can do normal teaching and learning at the school after most of the children and teachers have received vaccination.

We can receive guests and donors who come to our school. We can accept the people who come to provide lunch to our children.

In addition, we can accept international guests and volunteers in our school.

Moreover, we can do activities normally with the children on the campus.

In Thailand, children below 12 years of age should wait for the results of medical studies on Covid-19 vaccines before any decision is taken on being vaccinated.

DEAR DONORS,

Sorry for the inconvenience during the Covid-19 pandemic. We are now able to accept donors who come to provide foods, fruits, and multiple things. But we follow the measures such as wearing mask, washing hands regularly and social distancing.

DEAR INTERNATIONAL GUESTS AND VOLUNTEERS,

We hope that all teachers and children over 12 will have been vaccinated in the beginning of 2022, and we will be able to accept the international guests and volunteers. Fully vaccinated travelers from the low-risk countries have been allowed to enter Thailand without quarantine since November 1, 2021.
