Tug of war

Volleyball

## Sports Day in SfLCM

We held Sports Day on the 20<sup>th</sup> of December in our sports field. The ceremony was opened by School Director. This year we have only two color teams organized with children and teachers. The day was filled with lots of fun.

The children took part in the various games such as race, traditional games, volleyball and futsal tournaments. The children enjoyed all the sport activities. The event was closed at 4pm after giving away the prizes to the winners.

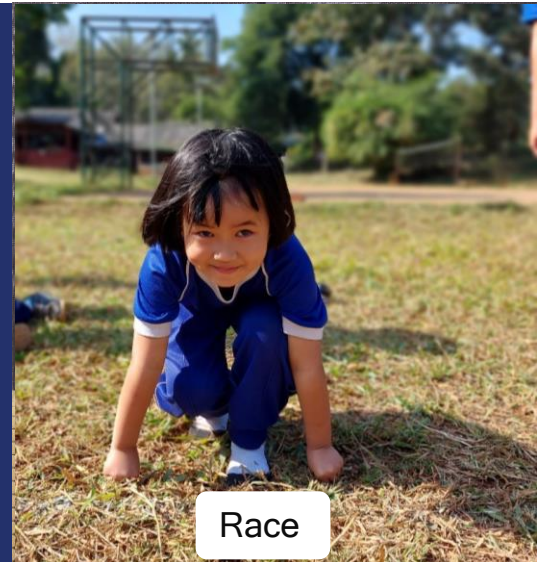

Sports develop not only the physical wellbeing but also the mental strength. In addition, sports enhance various skills such as leadership, patience and team spirit.

## Annual Sports Day

We hold Sports Day with our children and teachers in our school every year. Children like the event. This year we didn't have guests on the Sports Day due to Covid-19.

Race

**School for Life** is an internationally sponsored project in Northern Thailand that provides home and care for children who live in difficult situations. These include not only who lost their relatives, whose parents died of disease or are missing, but also children who escaped from situations of brutality and abuse. We give them a new home, provide for their basic needs as well as offer psychosocial and medical care. On top of that, we ensure the children to have proper basic education.
