- Preparation of soil / how to grow?
- How to grow various vegetables all year round?

### THE AIMS OF TRIBAL EMBROIDERY CLUB

- Cultural Heritage
- How to do tribal embroidery?
- Art/ Skills/ Creativity

Organic Farming Club

## **REPAIR & MAINTENANCE CLUB**

Repair & Maintenance Club was supervised by four teachers. The aim of the activities are to know the names of tools, to enable to use tools properly, to enable to do measurement and to enhance the creative thinking skills. Students learned cutting, welding and grinding metals last week.

## **HANDICRAFT CLUB**

Most of our kids are from ethnic groups. They like to learn how to make handicrafts.

Last Wednesday, they made necklaces. The activity was supervised by four teachers.

## **ORGANIC FARMING CLUB**

Last Wednesday Students from organic Farming Club learned how to grow ginseng root, take care of them and harvest it. The club was supervised by four teachers too.

## **EMBROIDERY CLUB PLAN**

This semester we have a plan to do Lahu & Akha embroidery.

## Handicraft Club

### **A CONCEPT OF PROF. EM. DR. JUERGEN ZIMMER**

By doing group activities, we also implement the concept of Educational & Entrepreneurial Excellence laid down by Prof. em. Dr. Juergen Zimmer, the founder of 'School for Life'.

### **LEARNING BY DOING**

Our kids, who are from six ethnic groups this year, like 'learning by doing'. So, the group activities are suitable for the kids to learn various things in practice.

### **WE DESIGN GROUP WORK**

- To share
- To collaborate
- To learn from each other

### **ACTIVE LEARNING**

We prepare group activities to encourage the children for active learning.

### **BENEFITS OF GROUP ACTIVITIES**

Group activities stimulate creativity and create opportunities for critical thinking.
