## SEMINAR & TRAINING FOR FOREST FIRE PREVENTION AND EXTINGUISHING

Seventeen Students from Grade-5 of School for Life Chiang Mai attended the two-day Seminar & Training at the Huai Hong Khrai Royal Development Study Centre on the 25th and 26th of June, 2022.

Huai Hong Khrai Study Centre came to pick up the students in the morning with their pickup cars and sent them back to the school in the evening after the seminar. The children had a lunch there.

Huai Hong Khrai Royal Development Study Centre is around 5 km from our school.

The Study Centre invites our students for various seminars and trainings every year.

## LEARNING BASES OF SEMINAR

- Forest fire knowledge
- Forest fire solution
- Forest fire prevention initiative
- Soil Theory and cataract
- Fire extinguishing equipment

## THE SEMINAR IS VERY INFORMATIVE

The students learned various things about the forest at the seminar & training.

The students not only learned at the seminar but also expressed their ideas and initiatives about the forest reservation and forest fire problem.

The seminar & training was very informative and the students gained a lot of knowledge about the forest reservation and forest fire.

## **THE KNOWLEDGE AND SKILLS LEARNT FROM THE SEMINAR & TRAINING ARE INVALUABLE**

The students learned how forest fires break out, how to solve the forest fire problem, how to prevent forest fire, soil and cataracts in the forest and how to use the fire extinguisher properly.

School for Life children are from six ethnic groups and they live in the villages surrounded by forests in the northern regions of Thailand. So, the knowledge and skills learnt from the seminar & training are invaluable for them. They can share the knowledge to their friends in their villages.

## **REWARDS TO THE OUTSTANDING STUDENTS**

After the seminar & training, rewards were given to the students who had a great interest in forest fire control and prevention, and collaborated in the practical fire extinguishing activities.

## **THANK YOU SO MUCH!**

We would like to thank the Forest Fire Control Department of Huai Hong Khrai Royal Development Study Centre and Mae Takhrai National Park for the opportunity of the seminar & training for our students.

The students gained a lot of knowledge about the forest fire control and prevention from the seminar. It definitely helps them think more how to prevent forest fire.

They become to understand effects of forest fire on the environment and health. Thank you for this project.
