Report on donation of a new house

More rooms, more kids and more friends for the kids

Dear Donors "Ms Carolyn Halske-Kropp, mother of our previous volunteer Ms Luisa Kropp, and Mr. Peter Conrad"
we would like to thank you so much for your generous donation for the building for our kids.

We have more kids this year than the past years. That's why your donation of house is the right time for the kids to live in. Moreover, during the Covid-19 pandemic we need more rooms to accommodate kids. Our kids are very happy and thankful to you for your donation of this house.

Am-On Family

M School for Life ore about the building

We have more rooms now, so we will be able to accommodate and help more kids in the future.

Well-ventilated indoor spaces to prevent Covid-19

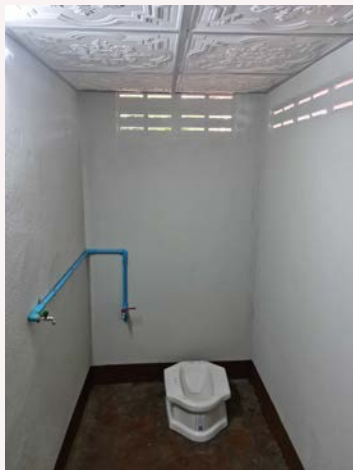

The building is 6m wide and 5.3 m long. There is a big bedroom with two bathrooms. There are six windows and two front doors in the bedroom, so ventilation is very good. There is a ceiling, so mosquitoes cannot enter into the room at the night time.

The construction of the building had to be postponed since the situation of Covid-19 pandemic in Thailand was very bad for about three years.

Construction workers were not allowed to work on the campus during the pandemic.

We apologized for the delayed construction.

A new building

donated by

TJEDF

Dear donor,
We would like to thank you
Thai-Japan Education
Development Foundation
(TJEDF) for the donation of a
new house for Am-Om Family.
We have many new young kids
every year. We normally
accommodate small kids in
this Family House. Now we
have enough rooms for this
Family with your generous
donation.

- Teacher Ouang

About this house

There is a bedroom with an
attached bathroom in this
house. The house is 5m wide
and 5m long.
