

SCHOOL FOR LIFE

NEWSLETTER**Continue their study**

Eight students have graduated in 'School for Life' this academic year. One boy will study in Grade-10 at Doi Saket College. Two boys will study at College of Agriculture and Technology. The other four boys and a girl will study at Polytechnic College, a vocational School.

**Graduation Ceremony**

After studying for 9 years in 'School for Life', all Grade-9 students graduated on the 10th of March, 2023. All of them have planned to continue their study choosing colleges for different career fields.

SCHOOL FOR LIFE

Mookata

To honor the graduation at 'School for Life' and to encourage the next chapter of life, teachers and the graduated students went to eat Mookata (Thai barbecue). It was a wonderful time for students and teachers having dinner together. Many thanks to Mr. Markus Tarneller and especially to his cooking class for the donation of Mookata dinner for the graduated students and teachers.

The Academic Year 2022-2023 was finished on the 17th of March in School for Life. We wish all students a nice summer holiday.
