A UNIQUE AND MEMORABLE EXPERIENCE THAT I WILL KEEP FOREVER IN MY HEART

Marta from Italy

My stay at School for Life has been a unique and memorable experience that I will keep forever in my heart.

I planned to stay 5 days as a guest, and in the end, I stayed 12 days, I did not want to leave anymore.

SFL is a perfect example of how a community of adults and children live together in peace, harmony, etc.

The kids are taken care of by extremely kind, professional and humane teachers who share their happiness with the kids.

Every activity (from music to dancing to sport) is carried out in such a joyful, playful and enthusiastic way by kids and teachers that is impossible not to join them.

You really feel that these kids are growing in a 100% positive environment.

If you like children, wild nature, if you can adapt yourself to a "forest lifestyle" going a bit beyond your comfort-zone and if you are willing to spend your time with children giving them a piece of yourself, this experience is totally rewarding.

I felt very comfortable in my little house in the forest, with my own spacious room and bathroom.

I was treated in such a kind and nice way by everybody that I felt like being at home.

Thank you School for Life!
